

YOKOJI-ZEN MOUNTAIN CENTER

WINTER HELP NEEDED

Unexpected expenses have hit us hard this year. The following need urgent attention over the next few months:

- \$5,000 to fulfil a requirement to upgrade the kitchen stove hood with a filter bank and fire suppression system.
- \$1,000 for the Dodge snowplow which needs urgent and major clutch/transmission repair.
- \$500 to replace a broken chainsaw to cut firewood to heat the Center.
- \$3,000 to replace our backup generator unless we undertake the major work to get it working again.
- Funds to continue supporting scholarships for those who want to train and work at Yokoji during the winter but cannot afford the full training fees.

These expenses are on top of the regular running costs for the center as well as standing debts of \$300,000. Your donations make a huge difference and will keep Yokoji running for all of us. Please give what you can. Thank you.

ROAD UPDATE

Thank you to those who helped with our Spring mission to improve the dirt road. We have begun to reshape the road and trench along the uphill side. We will use the funds raised to purchase fill material as we need it to keep the road in as good repair as we can this winter. It is critical for the tractor and plows to be functional for us to continue with this work. The tractor is currently undergoing repair and maintenance which can be costly. We would need \$30k+ to replace it.

VOLUNTEER AT YOKOJI

Don't forget to come up to the Center and help out when you can over the winter and help us take care of this amazing and unique facility. Visit www.zmc.org/volunteer for more info.
